Welcome to the Online Writing Center for Tulsa Community College!

We’re excited for this opportunity to help online students succeed.

To get started, follow these directions to setup an account with the online scheduling system, reserve a session, and email your work.

In your browser, log in to owl.tulsacc.edu to open the TCC Writing Centers page.

Click on the Make an Appointment link in the lower right-hand box to open the Register/Users form.

If you are a first-time user, please register to create an account using your TCC email address (first.last@tulsacc.edu) and create a password you will remember.

After you register, you can set up your appointment. Type in your email address, your password, and select the schedule: Online Writing Tutoring.
To make a reservation, choose the date and time for your paper to be submitted. If your paper is ready, choose the soonest date and time. Replies are sent within 48 hours of this time; however, we are currently closed on weekends. Click on the available white square (see purple arrow); for example, Thursday, August 24th at 10:30-11:00 a.m.

When you make your reservation, you will see this form. Your name will be in the Client section and your chosen time above that.

Choose your Course for your assignment.

Type your Instructor’s first and last name.

Tell us what the assignment is, such as an essay, summary, precis, etc.

In the box, type any specific questions you have for us.

Lastly, choose the submission to be emailed.

Then, save the appointment.

The consultants will be flagged, and one will be assigned to you.

Email your paper and assignment as an attachment to writingcenter@tulsacc.edu. Please use your TCC email address as we are not allowed to open emails from personal email accounts.

The subject line should be your Class Name and Instructor. Sign your email with your CWID (T#). If you have any questions, give us a call at 918-595-8172.
